Learn how to teach so you can teach how to learn

Dear Friends,

If you love children, their sense of wonder, their energy, their sense of fun, their laughter, their mischievousness... then we invite you to join the **Enhancing Early Education Program (3EP)** - a teacher training course in early childhood education.

This course strives to nurture creative child-centric educators. It is designed for aspiring teachers, parents, educators, entrepreneurs or simply anyone who is passionate about working with children. The program is designed around the core areas of **development of children in the age group of 18 months to 8 years**. The programme has trained over 600 individuals in the last 14 years, most of whom are part of the faculty of many prominent schools in Delhi-NCR.
